What position are you nominated for? Secretary

Year in which you were first licensed? 2010

Tell us a bit about your experiences as a ham: I have been a member of the AARC since just before getting my novice license (through the training program offered by the club). I then took additional training through the club to obtain a general class license in 2011. I consider the program that was provided for novice training and free hand held 2M radio to be the strongest reason for my having gotten my license. I have since enjoyed both voice (2M and HF) and data (HF) comms with many people in the area and on the eastern seaboard and gulf coasts. I enjoyed taking part in the HollyNet for about 5 years from 2010 through 2015, until I fully retired from work. I am looking for another way to give back to the AARC and amateur radio as a whole.

Have you served on a radio club board before? No

Have you served other clubs or organizations in a leadership position? Yes

Please tell us about those leadership positions.:

I served for 4 years as treasurer (and membership chair) for the Meade Rifle and Pistol Club.

I also served in unpaid elected positions the the Crofton Civic Association board of directors for 20 years, including a district director and president. What do you believe are the strengths and weaknesses of the AARC?

The AARC has been active in many community and emergency oriented supporting roles. In addition, the AARC has provided tremendous support to aspiring hams and interested citizens gaining more information about amateur radio and the AARL.

The only weakness I see is that, as with many other such organizations, it's hard to find people who are willing to lead the organization or to fill service roles.

What skills and abilities do you think you would bring to the Board? I have extensive experience in successfully leading and taking part in organizational leadership. I work well with other like-minded people in these kinds of circumstances. I am motivated to give back to an organization that has given much to me and to the community.

What do you think you could accomplish as an AARC club officer? I can help the leadership of the AARC in carrying out the club's missions and goals.
