

# Become a Ham Radio Operator

## Anne Arundel Radio Club

Queen Anne Bridge Road, Davidsonville, MD.

Saturdays 8:30 am – 12:00 noon

March 9 through April 13, 2019

*Preregister Now !*

Ham radios starts where everything else and leaves off.

Use ham radio to talk with people in the local area on the way to or from work, or with folks across the country and around the world. Yes, you can even talk to hams on the International Space Station.

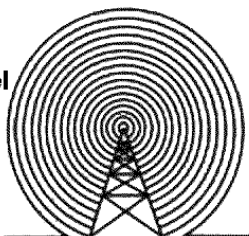

Ham radio can be life saving when phones and Internet are down or out of reach.
