Congratulations to all our winners, and thanks to all who participated. We hope you will all join us again in 2021, for the next Maryland DC QSO Party!

Maryland Club Membership Participation Trophy

If you enter enough QSO Parties, you begin to notice things. One is that most of your contacts come from the relatively highly populated areas. You might also notice that the larger clubs are found in those areas, and as a result the winners in the club category tend to come from the suburbs surrounding major cities. What you might not notice is that this tends to discourage smaller clubs and clubs in less populated areas from competing at all.

Meanwhile for many participants, the idea of working a new county, especially in a low population density area is especially appealing. County hunters appreciate it when the more rare counties take part. So do we!

With DC and Baltimore City already well represented, we did something to try and activate more of Maryland's counties. We offered a new trophy, the Maryland Club Membership Participation Trophy, with scoring based not just on contacts made, but on the percentage of the club that participates.

The idea was to give smaller clubs, a chance to compete with the big clubs on a much more level playing field. Thus we are now proud to announce the first recipient of the Maryland Club Membership Participation Trophy as:

Northeastern Maryland Amateur Radio Contest Society

As a result they will receive a plaque commemorating their victory in this first time ever competition as part of the Maryland DC QSO Party. As well, the name of their club shall be engraved on a master plaque as the first winner of this title, to be permanently displayed in the Anne Arundel Radio Club's club house. In future years the names of subsequent winners of Maryland Club Membership Participation Trophy's will be added to it.

We want to thank all the clubs whose members entered themselves in the Maryland Club Membership Participation Trophy competition and hope many other Maryland clubs will join them in doing so next year.

PS: We are proud to tell you that at least one contact was reported with every jurisdiction covered by the Maryland DC QSO Party in 2020.
