## Spring ARRL Section Manager Election Results Announced

### it's Field Day !!!!! well in a few weeks...

As we get ready for the best day of the year, Field Day, we still have many tasks to take care of. If you can help please contact Brian Mary ([field.day@w3vpr.org](mailto:field.day@w3vpr.org)) he will let you know how you can help. If you have not been to a Field Day, it is the best time of the year. Making contacts is very easy since there are so many Ham's on the air. You also have the opportunity to try new equipment and operating modes. If you had not tried digital now would be the time to do so. The club spends all year-long planning for this. Last year we had to scale back and only have three operating stations. This year we will have four stations. And like last year the rule on operating from home is also in effect. So if you don't feel comfortable coming down to the clubhouse you can operate on your own.

This months presentation are

June 3 - What is new in Ham Radio equipment

June 17- Field Day

Please make it a point to attend the June 3 meeting. We have some projects to approve the funding by the membership.

73

Eric, KC3GDV

In the only contested election this spring, Utah ARRL members elected Pat Malan, N7PAT, as their new Section Manager (SM) for a 2-year term commencing July 1. Malan, of South Jordan, received 419 votes, while incumbent Mel Parkes, NM7P, garnered 339 votes. Parkes had served as Utah Section Manager for 22 years. ARRL Headquarters counted and verified the ballots on May 18.

In New Hampshire, Pete Stohrer, K1PJS, of Concord, was the only nominee for Section Manager when nominations closed on March 4. Stohrer, having previously served as SM from 2013 until 2019, will succeed John Gotthardt, K1UAF, who decided not to seek a new term.

Six incumbent Section Managers faced no opposition and were declared re-elected, effective July 1: **Marty Pittinger, KB3MXM (Maryland-DC)**; John Bigley, N7UR (Nevada); Bob Buus, W2OD (Northern New Jersey); Bob Beaudet, W1YRC (Rhode Island); John Litz, NZ6Q (San Joaquin Valley), and Dale Durham, W5WI (West Texas).

## **Committee Reports**

The following are the actions of committees from May 27:

Antenna Committee - the committee received an estimate to erect the new tower. Some of the work could be done by members or with the help of the Boy Scouts. A test hole needs to be dug to see what foundation issues may be in store. The cost of erection, including associated cabling expenses, is estimated to be \$10,000. The proposed appropriation will be discussed at the June membership meeting and may be an amendment to current funding resolutions.

Rules Committee - The Rules Committee voted out a recommendation to proceed with an Echolink connection to the club's repeaters. There is a question as to how to identify the connection as it's presently tested through Dave Grimes' (K3HRT) link. The recommendation also recommended limited use for the membership of the club. A team would be created under the Repeater group umbrella.

These committees will meet again in July.

## ,Club News

### Field Day

The current plans are to have four stations for Field Day to cover Digital, CW and Phone operations. If you are able to help with setup, tear down or other activities consider volunteering. **Time is running out as the event is just a few weeks away. To be a success, your help is needed.**

The ARRL has extended last year's special changes to allow remote individual operation to count in the club totals.

### Website

Michael Hunt, KC8GU, is working with staff to re-do the website to make it more user-friendly. Note: some changes for a new member button and another link to preregister for the exams.

### Deputy VE Team Leader

Tim Nagel, KB3YQK, has been appointed to the position of Deputy VE Team leader. He will be working to implement an electronic texting system which may

be able to reduce the number of VE needed at a session.

### Spending Motion for June Meeting

The Board has introduced an omnibus spending motion for \$4,100 to cover costs of several projects. The final vote is scheduled for the June 3 Business meeting. The motion covers the following items:

Antennas - cost of cabling to the new J-Pole antennas behind the clubhouse and related expenses. This does not include the rehab and erection of the new tower (see page 2, Committee Reports, for further information)..

Workshop - upgrades to shed 1 to increase the workspace area for kit building, shelving, and use of club equipment. This includes installation of an HVAC system and work on the ceiling. Some equipment will be moved to shed 2 to make space for the workstations.

IT - upgrade and maintenance of club IT equipment, including backup UPS batteries, server hard drives for training videos, etc.

ID Card Program and label printer - supplies.

# Calendar

## Club

Due to social distancing requirements, club meetings are being held on Zoom and there have been some changes. The meeting schedule for June - August is:

June 3 - Membership Meeting, 7:30 PM

June 10 - Board meeting

June 17 - Membership Presentation Meeting, 7:30 PM

### June 26-28 - Field Day activities

July 1 - Membership Meeting, 7:30 PM

July 8 - Board meeting

July 15 - Membership Presentation Meeting, 7:30 PM

August 5 - Membership Meeting, 7:30 PM

August 12 - Board meeting

August 19 - Membership Presentation Meeting, 7:30 PM

Invitations to the membership meetings will be emailed to the membership before the meetings. You must request meeting information from the President for Board meetings, the Rules Committee Chairman, or the Vice President for the Antenna Committee meetings. See the weekly emails for dates of committee meetings.

## Training

The club's General Class is expected to end around Field Day.

## Testing

**The dates below are tentative based on local COVID restrictions. Pre-registration is suggested in the event there are cancellations.**

June 5 - 1:00 PM. Anne Arundel Radio Club, Davidsonville Family Recreation Center. Registration begins at 12:30 PM. <https://www.w3vpr.org/node/353>

May 18 - 9 AM. Laurel Amateur Radio Club, Women's Club of Laurel. <https://www.larcmd.org/conc/index.php/exams-lau-rel>

May 22 - 6:30 AM. Maryland Mobileers Amateur Radio Club, National Electronics Museum, Linthicum Heights. <https://sites.google.com/site/marylandmobileers/v-e-testing>

You must have a photo identification, FRN number, as well as copies and originals of your license and CSCE if your license does not show your current license status. The exams are free but the newly announced FCC fee may be in effect.

# AARC REPEATER FREQUENCIES

Davidsonville	Millersville	Glen Burnie	Annapolis
147.105+		147.075+	
223.880-	224.560-		
444.400+			442.300+

**PL 107.2 is active for all repeaters**  
**The 147.105, 147.075 and 444.400 repeaters are frequently linked. Please allow 2-3 seconds after the courtesy beep to allow for the link to reset.**

## Visiting AARC

Visitors are welcome at all meetings and on all nets.

Meetings are held in the Clubhouse at the Davidsonville Family Recreation Center, Queen Anne Bridge and Waysons Roads off Rt. 214 near Davidsonville, MD.

For en-route directions make contact on the 147.105 repeater.

## AARC Service Frequencies

**When assisting in community events, Field Days or races, AARC uses 146.430 MHz as the primary communications frequency. In the event the frequency is busy, the backup is 146.475 MHz**

## Club Information

### New Member Information

Information for new members is available on the Club's website on how the club operates. See <https://www.w3vpr.org/noobies>

### Directions

Now that COVID restrictions are being relaxed, you can go to meetings (when available) for meetings and activities. As access has been limited, some members may have taken exams off-site and not been to the Shack. Directions are here: <https://www.w3vpr.org/directions>

### Kit Building/Troubleshooting

Do you have issues with your radio equipment and would like help? Do you need antennas tested? The club has a monthly workshop on the last Sunday of the month between 1-4 PM in the clubhouse. If coming please plan to arrive before 3:30 PM. For information, contact Raven, KB3MUV, [kitbuilding@w3vpr.org](mailto:kitbuilding@w3vpr.org)

### ID Cards

Identification cards are available for members who are current in their dues. The front will have your license class, picture and affiliations with other clubs and services such as SkyWarn. The reverse will have an image of your FCC license. Jeff, KC3OQP, is the coordinator and is usually at the clubhouse on Tuesdays between 10 am and Noon, or email [id@w3vpr.org](mailto:id@w3vpr.org).
