Name: Tim Nagel

Call Sign: KB3YQK

Date: Thu, 11/01/2018

What position are you nominated for? Vice President

Year in which you were first licensed? 2012

Tell us a bit about your experiences as a ham:

Since becoming a ham,

I have enjoyed learning about the many different aspects of amateur radio, and meeting some of the people who have made an impact on the hobby.

Joined the Prince Georges ARES group and remain an active member.

I participate in the quarterly hospital coalition drills.

Helped with the following;

Marine Corps Marathon,

Greenbelt Labor Day Parade,

Laurel Main Street Festival,

Laurel 4th of July Parade,

USA Science and Engineering Festival.

Generally I like doing what I can to help promote the hobby.

I like helping out with field-day set-up and tear-down.

Helping others with getting their antennas up in the air.

Assisting with the classes the club offers.

I have been promoting the club, it's activities, service opportunities, and civic responsibilities as a ham radio operator ever since.

Have you served on a radio club board before? Yes

Please tell us about your prior experience on a radio club board.: I have faithfully served as one of the three directors at large for the past three years helping out where I can and purchasing the door prizes for the annual holiday party.

Have you served other clubs or organizations in a leadership position? Yes

Please tell us about those leadership positions.: Vice president for the joint repeater group (AARC & MD Mobilizers)

What do you believe are the strengths and weaknesses of the AARC?

Our club offers a wide variety of services and experience opportunities for individuals with most any interest.

We have a diverse collection of people bringing skills, experiences, ideas, interests, and friends & family members to the club.

The AARC offers presentations on a lot of different topics throughout the year.

One weakness of our club is actively engaged people. That is to say, we have roughly two-hundred members on the books, but only a handful actually show-up and chip-in to help with activities and events.

What skills and abilities do you think you would bring to the Board? I have encountered folks with various skills and interests and remember a lot of the topics we have had presentations on. I have missed very few meetings over

the years resulting in a consistent view of things that have happened, activities, & accomplishments within the club and classes.

What do you think you could accomplish as an AARC club officer?

I plan to have an active and interesting presentation schedule this year. Additionally, as a former director on the board, I also bring an element of continuity & consistency to the new board.
